

Packaged Plant for Permanent Solutions

Siltbuster Ltd is the UK's leading provider of responsive treatment solutions and operates the UK's largest fleet of package plant systems.

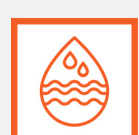

With over twenty years of experience and expertise treating contaminated waters across a wide range of sectors and applications.

Our packaged biological and solid liquid separation units provide the UK Water Companies with:

- Programme flexibility due to offsite fabrication and full factory testing
- Plug and Play solutions for improved site interfaces
- Record of providing non-standard solutions to reduce scheme CAPEX
- Experience in using proven technologies in novel applications
